This comprehensive text is intended for the junior-senior level course in North American Archaeology. Written by accomplished scholar Dean Snow, this new text approaches native North America from the perspective of evolutionary ecology. Succinct, streamlined chapters present an extensive groundwork for supplementary material, or serve as a core text. The narrative covers all of Mesoamerica, and explicates the links between the part of North America covered by the United States and Canada and the portions covered by Mexico, Guatemala, Belize, and the Greater Antilles. Additionally, the book is extensively illustrated with the author's own research and findings.
